

Summary: The Corona Signal

Year Level 1 - 4

Year Level 5 - 8

Green: low risk

⇒ Single cases, isolated cluster

- Normal operation with hygiene precautions
- Creation of a hygiene and prevention concept
- Establish the school's crisis management team
- Define persons responsible for information transfer and coordination with parents and authorities
- Educational activities take place outdoors as often as possible

- Normal operation with hygiene precautions
- Creating a hygiene and prevention concept
- Define the school's crisis team
- Define persons responsible for information transfer and coordination with parents and authorities
- Educational activities take place outdoors as often as possible

Yellow: medium risk

⇒ moderate cases, primarily in clusters

- Normal operation with reinforced hygiene regulations
- Same as "Green", plus: masks mandatory for everyone outside the class
- Masks obligatory for persons visiting the school
- Sports mainly outdoors, in gyms only under special conditions (small groups, ventilation)
- Singing only outdoors or with mask
- If classes/schools are closed: switch to Distance Learning (rental equipment, if required)

- Normal operation with increased hygiene regulations
- Like "Green", additionally:
- Masks mandatory for everyone outside the class
- Masks mandatory for persons not attending school
- Sport classes mainly outdoors, in gymnasiums only under special conditions (small groups, ventilation, no contact sports)
- Singing only outdoors or with masks
- If classes/schools are closed, switch to Distance Learning (loan equipment if necessary)

Orange: high risk

⇒ Rise in cases, no longer able to be allocated to a cluster.

- Operation with increased protective measures
- Like "yellow", additionally:
- Rules for starting school early and for breaks to minimize contact
- No school events like excursions etc.
- No participation of persons from outside the school (projects etc.)
- No singing in closed rooms
- Avoid common lunch breaks
- Parent-Teacher conferences take place online

- Operation with increased protective measures and self-organized learning
- Like "yellow", additional:
- Conversion to distance learning with the possibility of teaching smaller groups in classroom mode (targeted support offers, practical lessons, temporary shift system)
- Regulations for the start of school and for breaks
- No school events like excursions etc.
- No participation of persons from outside the school (projects etc.)
- Flexible start of school autonomously
- No singing in closed rooms
- practical lessons in the field of nutrition and gastronomy, in workshops and laboratories
- - Teacher conferences take place online

Rot: very high risk

⇒ Uncontrollable outbreaks, wide-spread

- Emergency operation with bridging offers
- Conversion to Distance Learning
- Replacement operation at the school location in small groups
- Setup of learning stations
- Masks obligatory during the stay in the school
- All-day care in emergency operation (small groups)

- Emergency operation with bridging offers
- Conversion to Distance Learning
- Library only lending
